

MYRESULT

AN AUTOMATED ONLINE SCHOOL RESULT MANAGEMENT SYSTEM

BUSINESS PROPOSAL

INTRODUCTION

This proposal will take you through series of adventure and reveal one key point which will definitely help transform your School system to the smartest in your community and can also multiply your students and profit at the end of every term

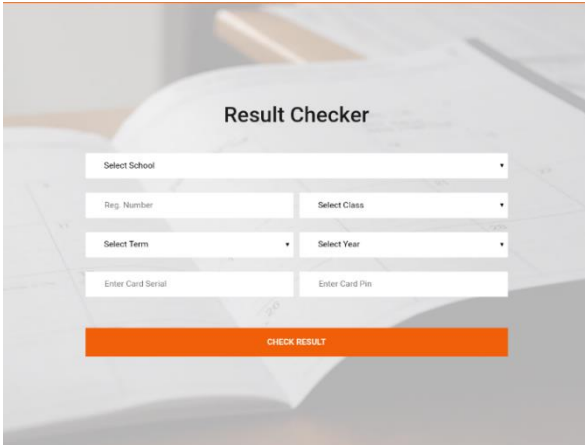

Wouldn't it be amazing if your fellow directors, principals, headmaster/ headmistress, school administrators called you and ask you how you did it? Asking you to link them up because students and parents everywhere are talking about your school and its upgraded standard.

During the cause of our feasibility study, this great ideal had been analyzed and discussed with some professionals in their respective fields. It was considered and approved by the various school administrators (including Teachers and Sub-Teachers), Entrepreneurs, heads of organization, Government officials etc.

WHAT IS “MYRESULT?”

Myresult is a smart platform designed to provide smart solutions to the educational sector by bringing the future of every school closer to a digitalized system and a brighter future. And also, enhancing the visibility of schools and creating a strong and reliable database network for schools. With this platform – students, Parent / guardians now have direct access to student results with the aid of a smartphone, Tablet, PC or a Desktop device.

Myresult was introduced with the aim of ensuring that automation and satisfaction is the prime focus in enhancing the educational sector with ease. we therefore leverage the stress associated with manual school result management system.
